LA PISCINE MAGILINE...

CONCEPT PATENTED STRUCTURE: Strong and durable for a self standing, self-supporting pool (no struts or reinforcements).

BASIN AND STAIRCASE SHAPE CUSTOM MADE: Modular concept to make all ideas come true.

ULTRA EFFICIENT AND ECOLOGICAL FILTRATION : 15 micron cartridge filtration with water that's filtered 3 times faster

SOFT TOUCH FOAM FOR COMFORT: Soft stairs and smoother walls

COUNTER-FLOW POOL : Increase your number of lengths in the pool

A SMART AND CONNECTED POOL: Control and monitoring of all pool settings using the imagi-x App

AUTOMATIC PROCESSING FOR PEACE OF MIND: No more, obstacles, water disinfection is managed automatically

MAGIBLACK HYDRAULIC ROBOT: Operates with the energy supplied by the water from the nfx filtration system.

BALNEO FEATURES: All the benefits of hydrotherapy with your balneo staircase

MAGIGUARD AUTOMATIC COVER: Exclusive and ultra-discreet Premium submerged shutter

ECONOMIC AND ECOLOGICAL: optimization of consumption and use of recycled materials

YOUR PROJECT IS UNIQUE

LET'S CREATE YOUR SWIMMING POOL TOGETHER

Piscines Magiline brings your ideas to life :

- We adapt our solution according to your expectations
- We take into account your specific obstacles
- We install your pool to fit perfectly with your garden and home environment

A MADE TO MEASURE PROJECT

WE DESIGN YOUR PERSONALIZED POOL TOGETHER

- Tailor-made pool shapes and sizes
- Customized and equipped stairs/benches
- Adapted shapes and depth
- An infinite choice of side colors
- A wide selection of Premium equipment

LINER
CLASSIC
CELSIUS
PREMIUM

REINFORCED LINER

CLASSIC LINER
-A safe solution to seal the pool at a lower cost
-Resistant up to 28° C continuously
-10-year warranty on sheets and welds

CELSIUS LINER
-Quality standard for pools
-Resistant up to 33° C continuously
-Recommended for heated pools or pools protected by a shutter or a cover.
-10-year warranty on sheets and weld

PREMIUM LINER
-Top-quality and age resistant
-Resistant up to 35° C for 24 hours.
-Recommended for pools that are highly exposed to heat or sheltered.
- 12-year warranty on sheets and welds

Ecotech comfort foam for soft and smooth walls, better thermal insulation and «soft» stairs.

SOPREMAPOOL REINFORCED MEMBRANES
-PVC Quadri layer thickness of 150/ 100th
-Resistant up to 35° C
-Ideal for sunny conditions
-Completely waterproof
-10-year warranty

BOTTOM

HEIGHT

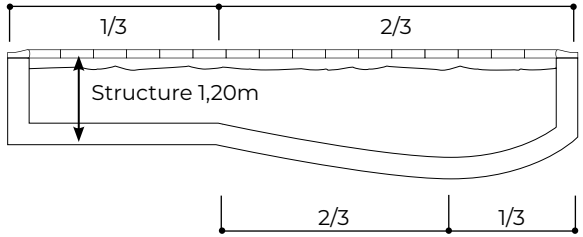

1,20M OU 1,50M

for the whole family

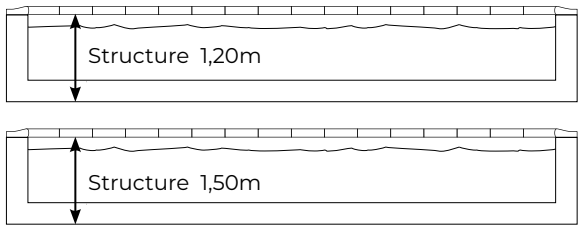

CURVED BOTTOM
The curved bottom is the most common because it's made using a small and a large pool: a play area for children and a swimming area for adults.

CURVED BOTTOM

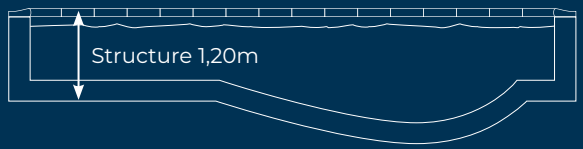

FLAT BOTTOM
The flat bottom allows the whole family to be entertained in a shared space at the same depth.

FLAT BOTTOM

CURVED BOTTOM
+ SAFETY STEP

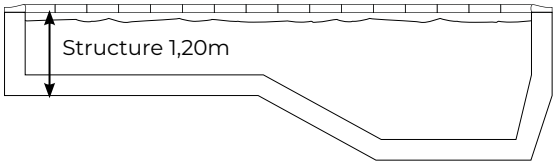

FLAT BOTTOM
+ SAFETY STEP

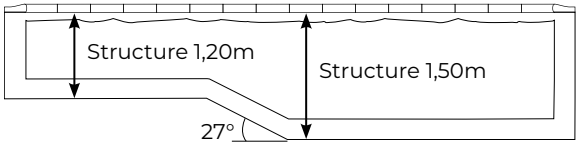

DIVE BOTTOM

DIVE BOTTOM
With its large descent and its pit, the bottom is reminiscent of the Olympic pools. It's recommended for diving and swimming sports.

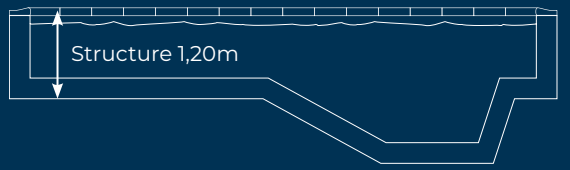

2 LEVEL FLAT BOTTOM

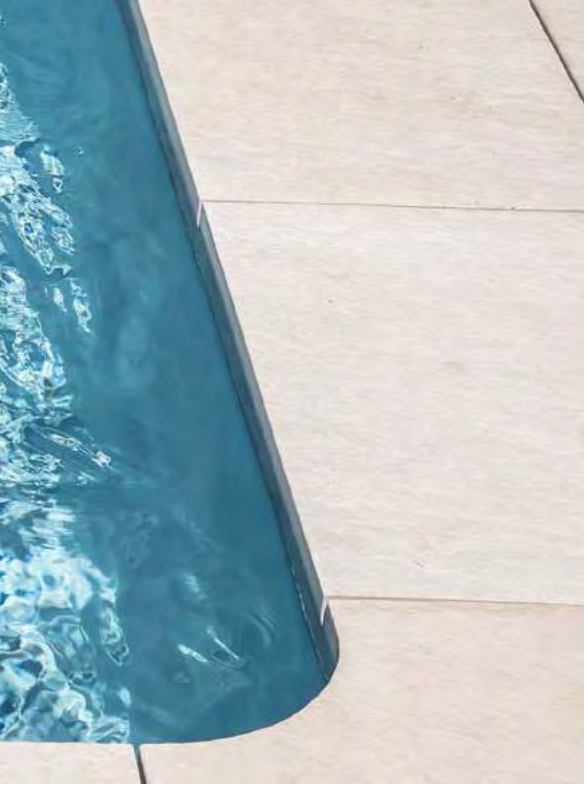

2 LEVEL FLAT BOTTOM
A Magiline classic with a specific structural panel to allow each member of the family to benefit from an adapted area.

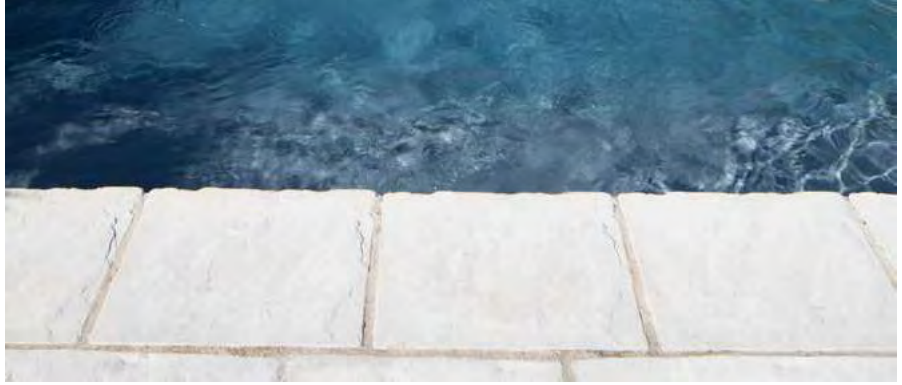

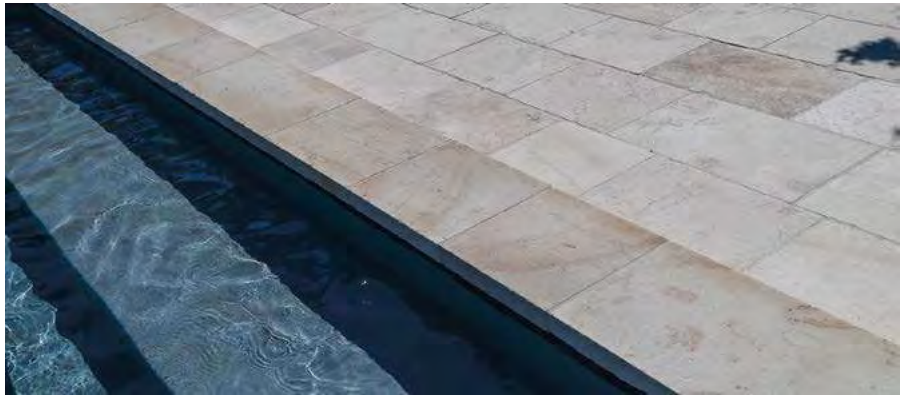

DIVE BOTTOM + SAFETY STEP

SAFETY STEP
The safety step located is 1.10 m under the curbstone for better maneuverability and comfort. It's also a safety measure for children who can easily reach the edge of the pool.

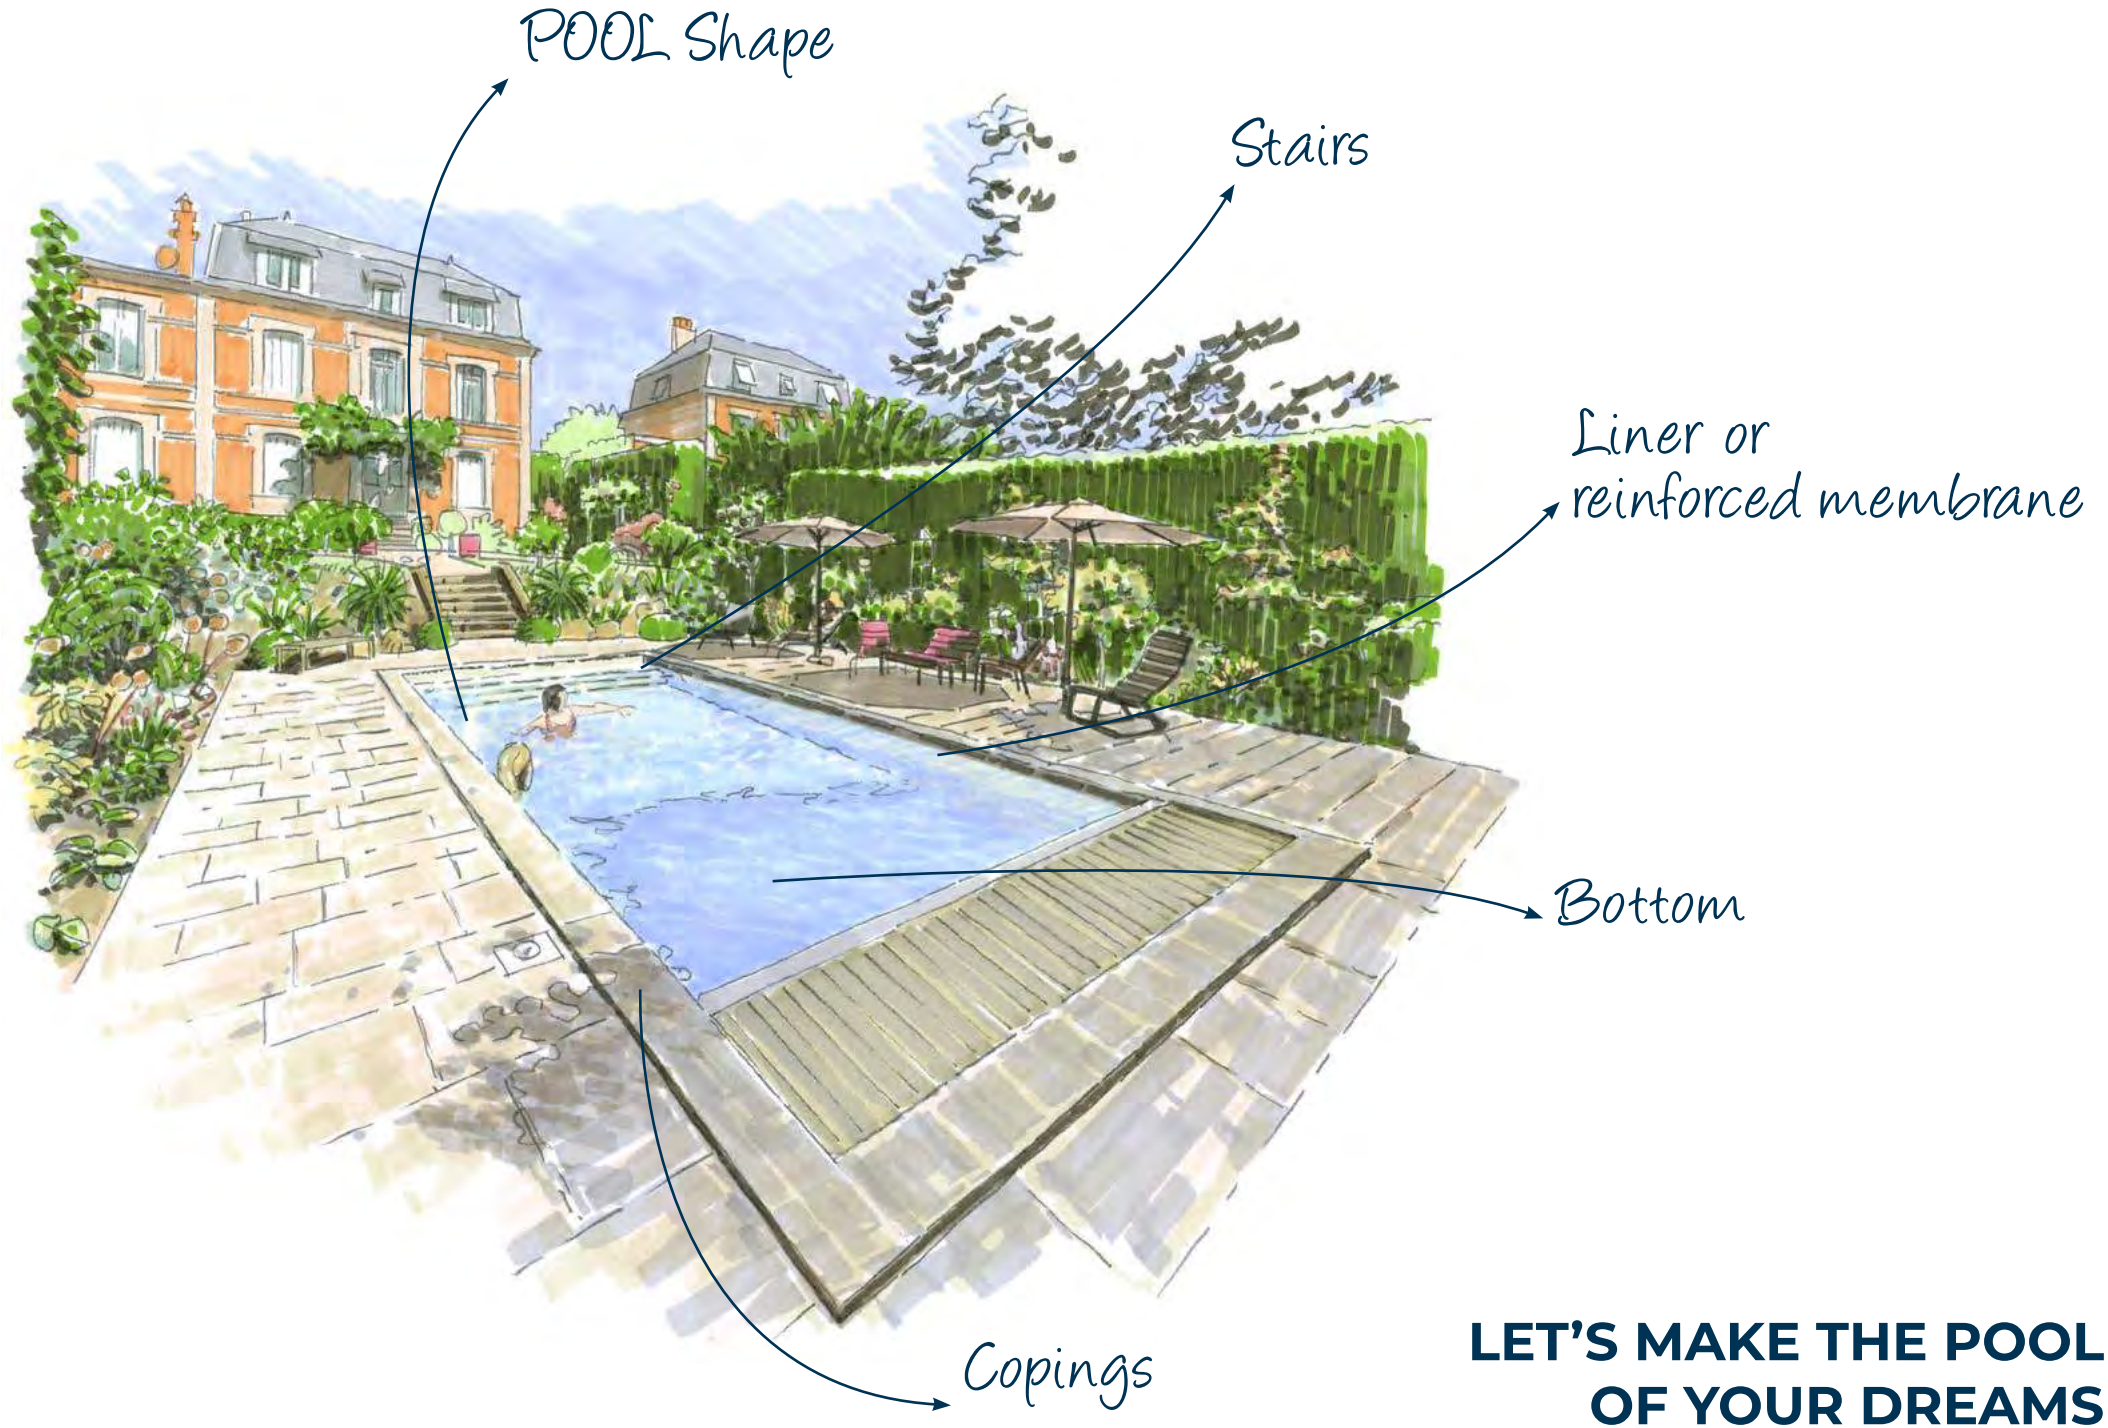

Straight or curved, the coping stones rest on pool walls, which stabilizes the entire structure. They are absorbent and frost resistant. Our coping stones, in Grey Travertine or Champagne, are unique.

You can also bring a personalized touch to your pool so that it’s unique.

COPINGS

LET'S MAKE THE POOL OF YOUR DREAMS

NEW GENERATION SWIMMING POOLS

NO MORE RESTRICTIONS, JUST GOOD TIMES!

MAGI·PRESTIGE

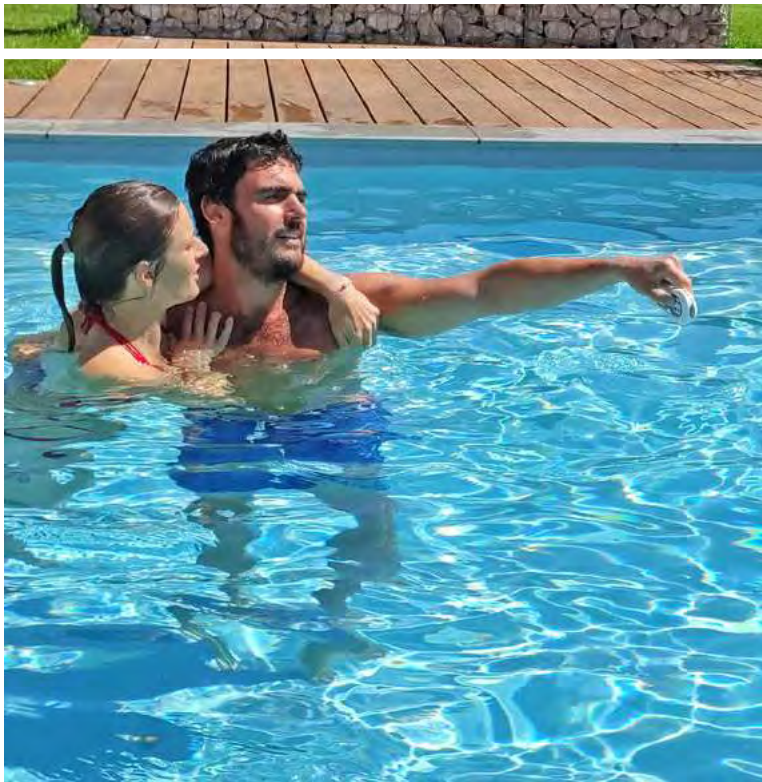

A swimming pool ready for bathing at the right time: programming the settings in advance to prepare your pool.

Always clear water in all circumstances: automatic water treatment without intervention*.

Continuous water level control: automatic filling management*.

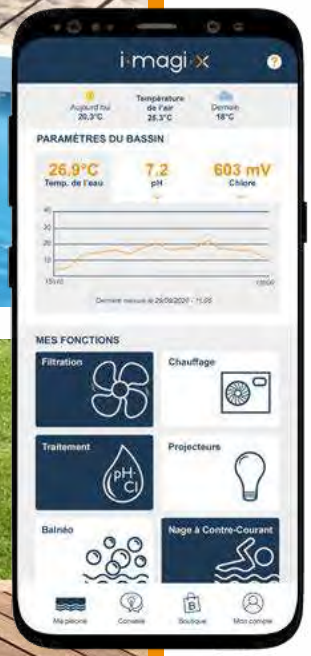

**Optional equipment*

Trigger the lighting at the tip of the lips: one simple instruction to the connected speaker*.

Ideal water temperature: set and program the water temperature easily from your smartphone*.

Launch the whirlpool without leaving the pool: a simple voice command via your connected speaker*.

Stay connected with your pool remotely: access via an application to the pool's settings.

i·magi·X

*Optional equipment

MAGIblack hydraulic robot: more economical and efficient cleaning (operation with the energy supplied by pressurized water)*.

A cartridge extractor for ever simpler and effortless handling*.

MAGI·PRESTIGE

IMAGINE...

View your pool remotely: a camera connected to your pool*.

Your home swimming pool: tele-remote assistance and services*.

*Optional equipment

Soft-touch: Installed under the liner on walls and stairs, the SOFT TOUCH comfort foam reinforces a covering feeling.
«soft.» Even more Well-being during the BALNEO.... session

A technical room in your pocket: no more need to move around to control pH and chlorine levels.

Reduce electricity consumption: optimization of the operation of the filtration system.

AN INTEGRATED AND PATENTED TECHNOLOGICAL CONCEPT

MAGI·PRESTIGE

INTEGRATED TECHNOLOGIES

Patented self-supporting and resistant modular structure. An exclusive concept with a personalized pool and stairs to adapt to your desires and take into account your constraints.

New generation patented nfx filtration. An exclusive, high-performance cartridge filtration system that is simpler to use and more environmentally friendly.

Patented iMAGI-X solution for an intelligent, automatic, connected, economic, and ecological swimming pool. Integrated and exclusive technology allows you to manage the pool's settings and functions using your smartphone, touch tablet, connected speaker, or waterproof remote control.

EXCLUSIVE SYSTEM PATENTED PISCINES MAGILINE

ORIGINE FRANCE GARANTIE

BVCert 6010768

MAGIPRESTIGE OPTIONS - MAGILINE POOL EXCLUSIVES

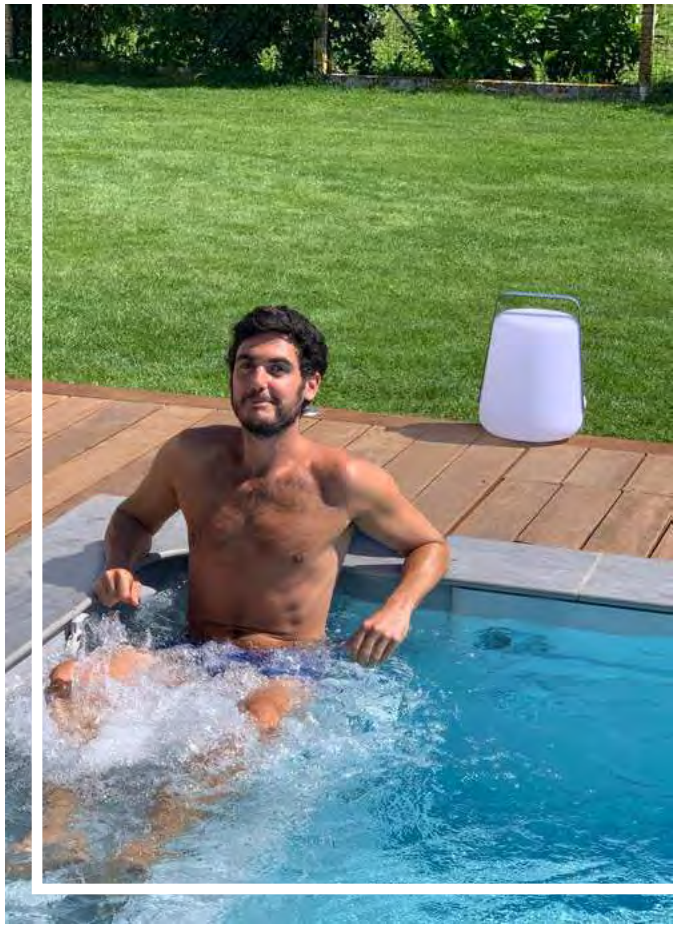

Countercurrent swimming
Do more lengths thanks to the powerful countercurrent swimming feature (70 m3/h).

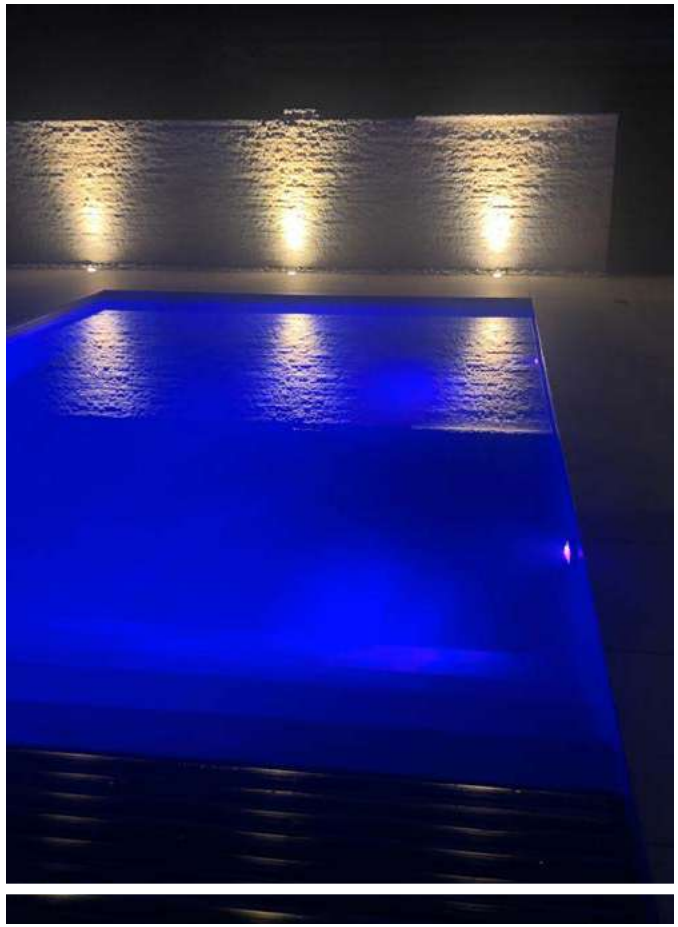

Balneo
Up to 6 water jets on the bench or the stairs for gentle massage.

NEO LIGHT COLOR LIGHTING
Various atmospheres for your pool with the Neo light LED colors.

Hydraulic MAGIblack robot
Operates with the energy supplied by the booster in the nfx filtration.

Submerged MAGIguard shutter
A discreet and perfectly integrated shutter
Connection to the iMAGI-X solution via Bluetooth.

PATENTED MODULAR STRUCTURE

MAGI·PRESTIGE

EXCLUSIVE TECHNOLOGY
Made from 1m20 or 1m50 high lost formwork polypropylene panels, this unique concept allows an alveolar structure, ultra-reliable, self-supporting, and without struts

The modular structure combines traditional materials (iron + concrete) to create pools with the same strength requirements as buildings, bridges, and water towers.

NFX NEW GENERATION
PATENTED FILTRATION

MAGI·PRESTIGE

EXCLUSIVE TECHNOLOGIE
15-micron filtration system which limits the use of chemicals with filtered water and renews up to 3 times faster.

Compact and easy to use, a self-supporting integrated operating room and an integrated overflow and water level regulation system.

Trendy SKIMMERS: 5 colors

Filtration nfx30

Filtration nfx40

The flow multiplier allows a fast, efficient and optimized water swirl.

MORE ECO-FRIENDLY
Closed-circuit cartridge filtration prevents the water from discharging underground or into the sewer system.

EASY TO USE
Maintenance is done simply by washing the cartridge.

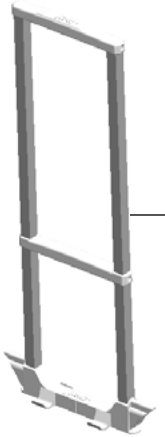

Crystal clear water in all circumstances.

EXCESS PRESSURE
- For automatic cleaning robot 2m3 /h
- Suction 32 m3 /h

POOL DISCHARGE
30 m3/h

nfx30 or nfx40

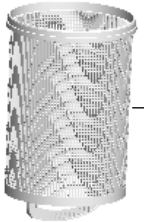

Cartridge extractor to effortlessly remove elements (optional)

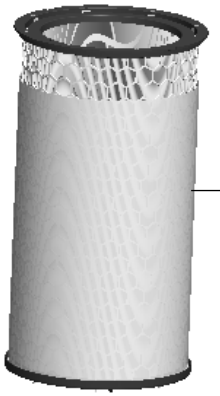

Non-return valve to prevent dirty water particles from going back into the pool

MAGIskim prefiltering sock

Very large «pre-filter» basket for high particle retention capacity

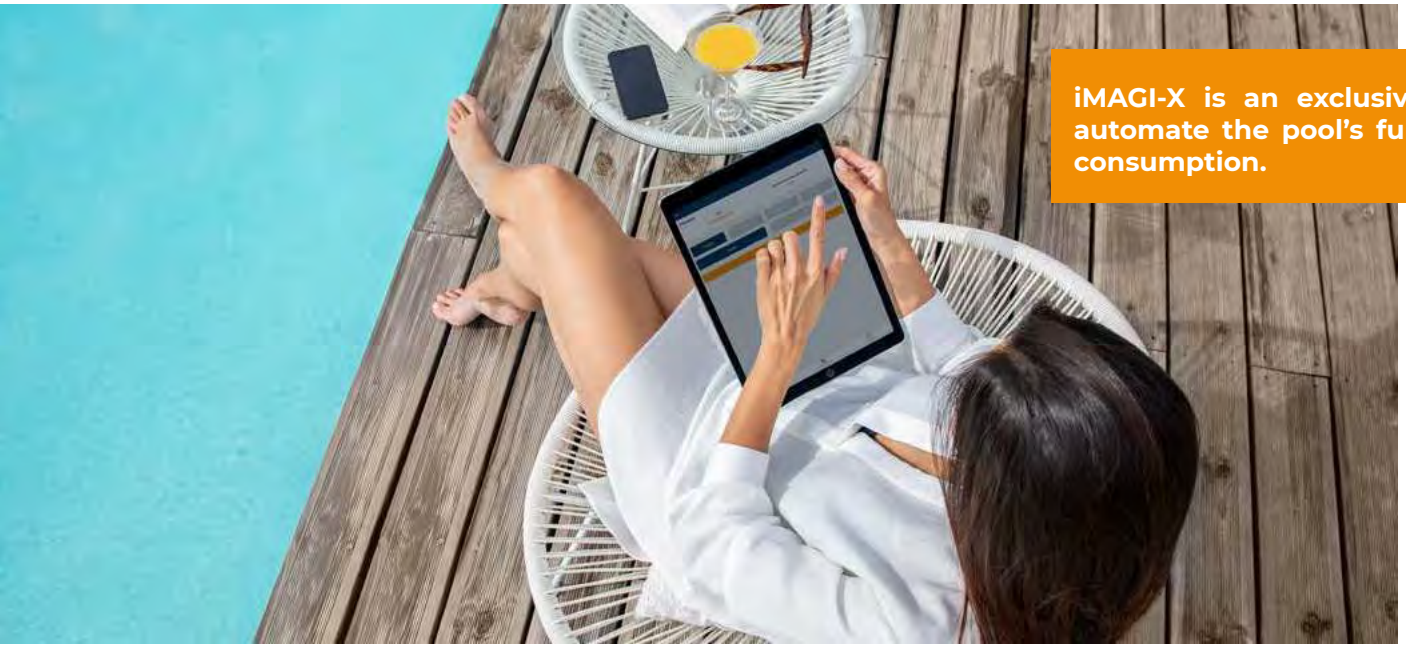

Filter media with a filtration fineness of 15 microns

INTELLIGENT SWIMMING POOL WITH IMAGI-X INSIDE TECHNOLOGY

MAGI·PRESTIGE

i·magi·X

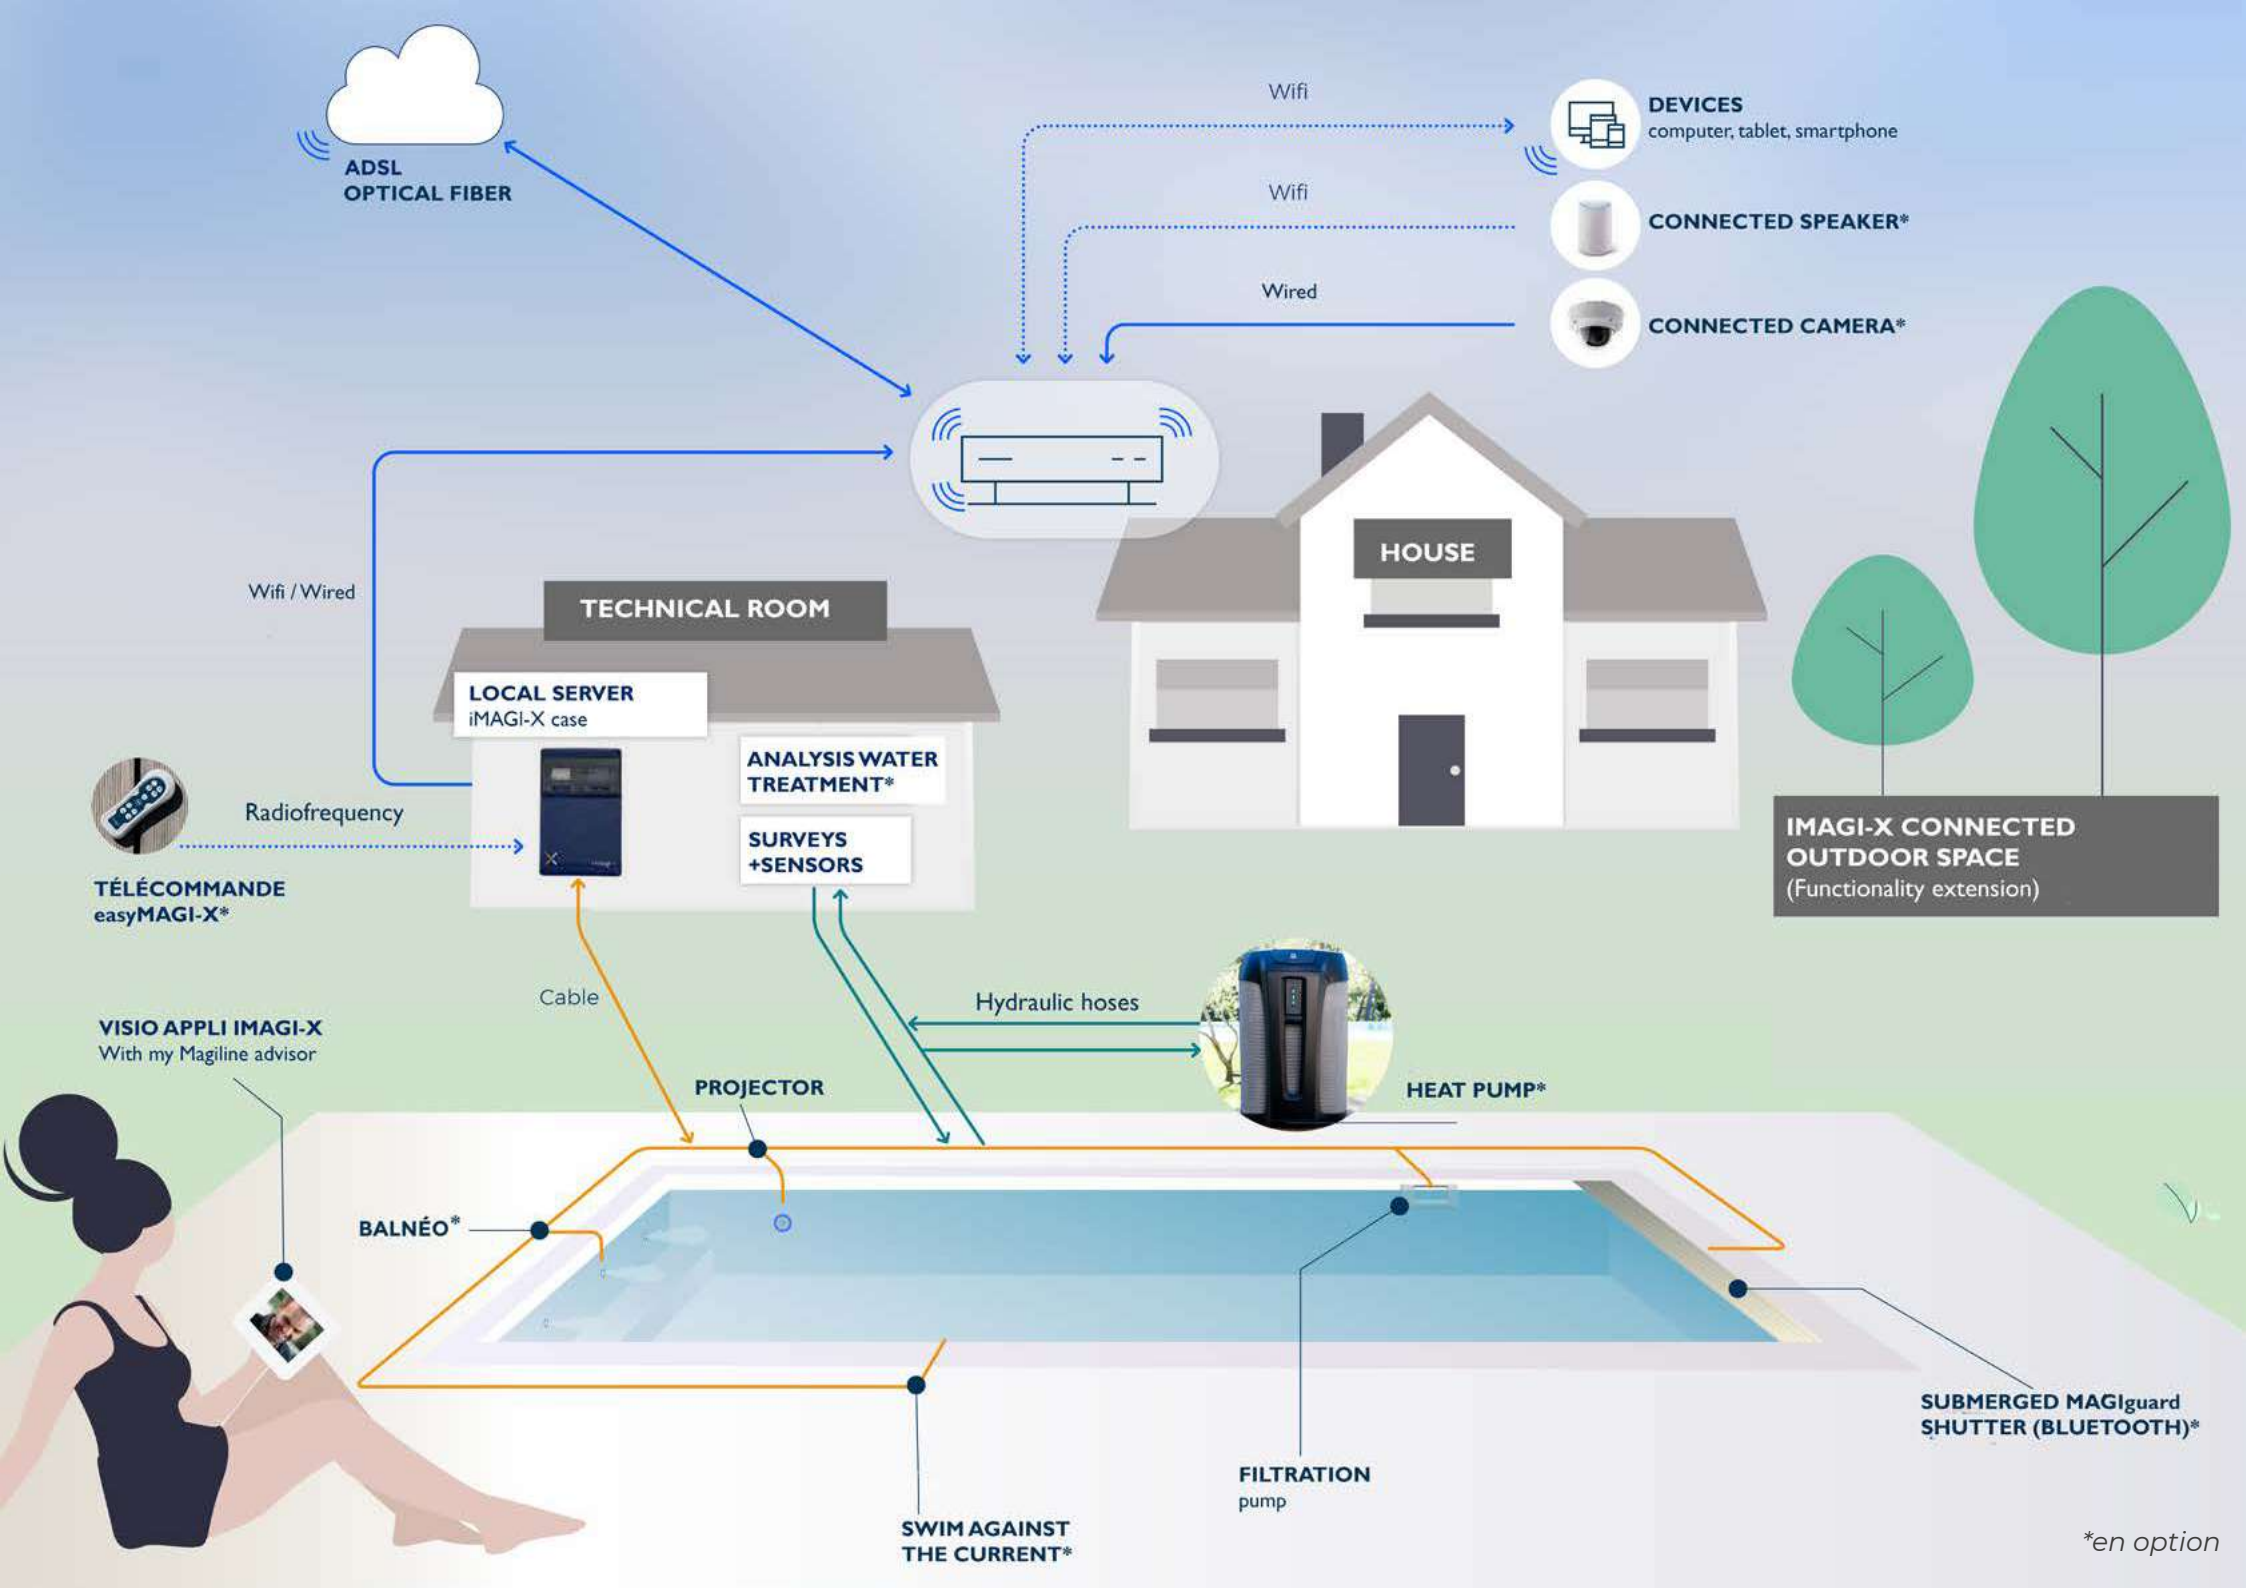

iMAGI-X is an exclusive intelligent solution, designed to automate the pool's functionalities and optimize electrical consumption.

An **application** accessible via a **smartphone** or a **tablet** makes it easier to manage the pool's settings and many other functions (water disinfection, heating, lighting functions, Balneo or counter-current swimming, pool cleaning) from the pool's edge or remotely.

This complete iMAGI-X system also allows you to receive alerts and stay connected directly with your pool owner for **advice, maintenance, or remote services.**

This technology is equipped with a **voice command for greater ease of use** to give instructions via a connected control and a **waterproof remote control** (optional) to manage the equipment in its pool.

SWIM AGAINST THE CURRENT*

*en option

OPTION
COUNTER-CURRENT SWIMMING FEATURE

Enjoy the benefits of **sport swimming** by increasing the length of your pool.

An optional MAGISport2 feature with a powerful flow of **70 m³/h** is available as an option.

The benefits of swimming against the current in your pool: an intense but also relaxing swim!

OPTION
BALNEO FEATURE

Treat yourself to heavenly massages at home!

It's time to relax.
Make yourself comfortable on the wide, soft seat of the BEACHNESS whirlpool stairs, set the power level, and enjoy the massages from the water jets

The BEACHNESS whirlpool staircase gently dispenses all the benefits of hydrotherapy.

Our staircases can be equipped with up to 6 hydro jets and a button to modulate the power. Sitting or lying down, this staircase gives you the pleasure of Balneo bathing on a large and soft bench.

OPTION
NEOLIGHT COLOR LIGHTING

NEOLIGHT COULEUR

Change your pool from black and white to color. All our MAGIprestige pools are equipped with a white LED Neo light projector for a soft and diffused white light.

Available as an option on all MAGILINE pools, Neo light Color allows you to program up to 11 fixed colors and 7 animations in your pool.

It can be easily adjusted using the remote control that's provided. The more moods you have, the more pools you have...

OPTION
ROBOT MAGIBLACK

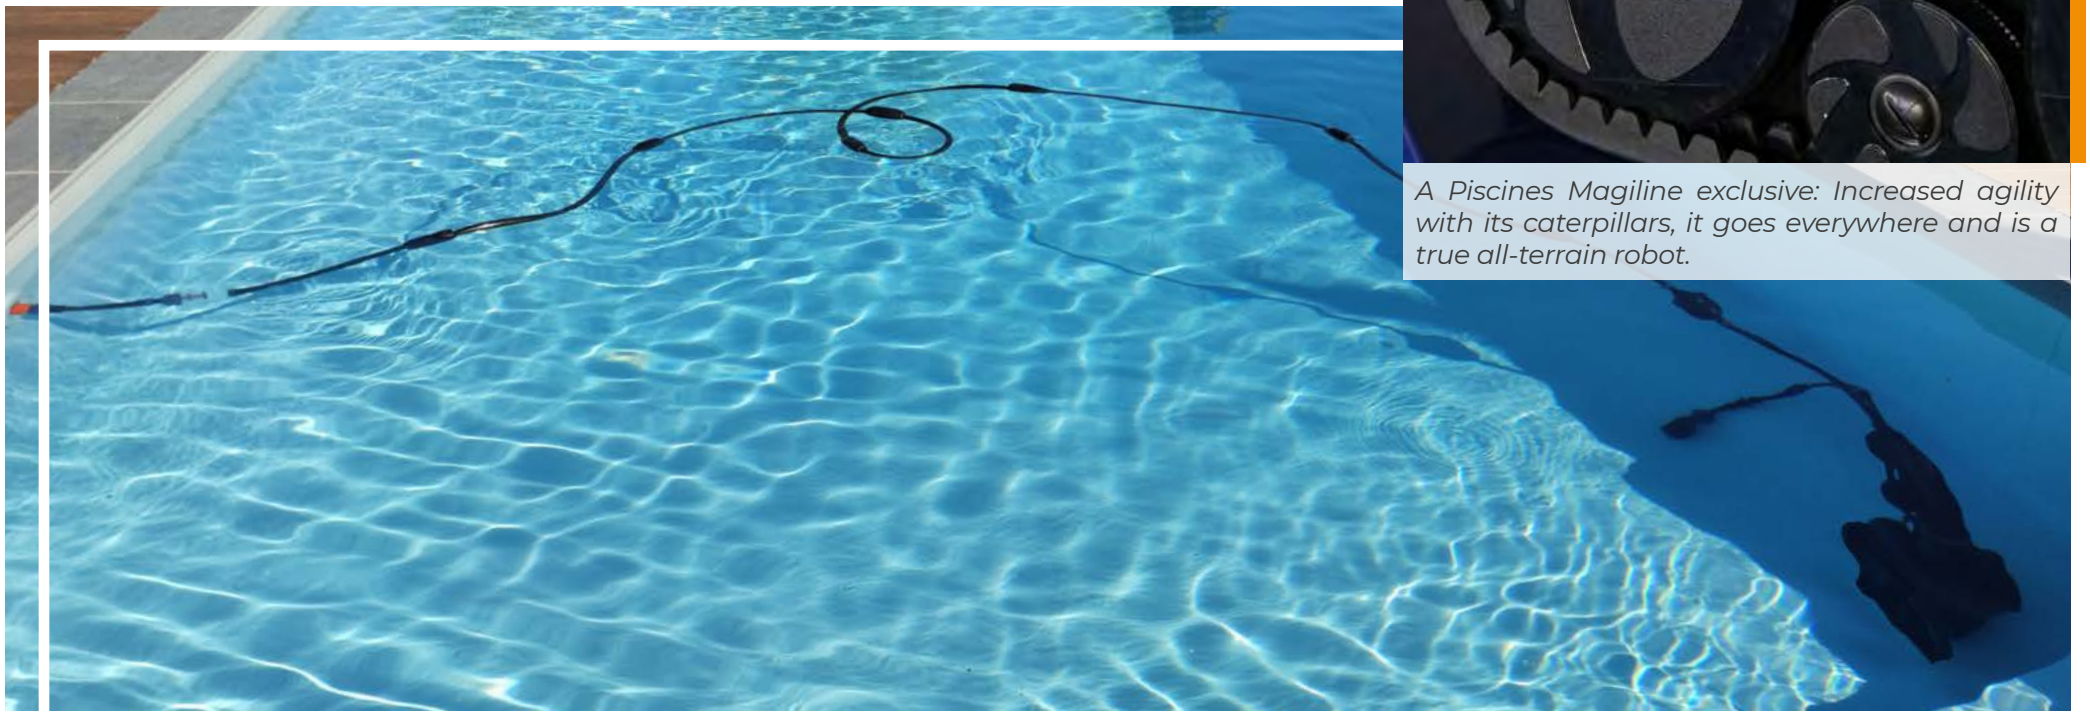

MAGILINE EXCLUSIVE:
Hydraulic robot MAGIblackTankTrax

The MAGIblack TankTrax swimming pool robot works with hydraulic energy supplied by the pressure from the integrated booster in the nfx filter block.

Using the venturi effect, it sucks up the debris from the filter bag. It keeps the water active by randomly moving around at the bottom of the pool and along the wall.

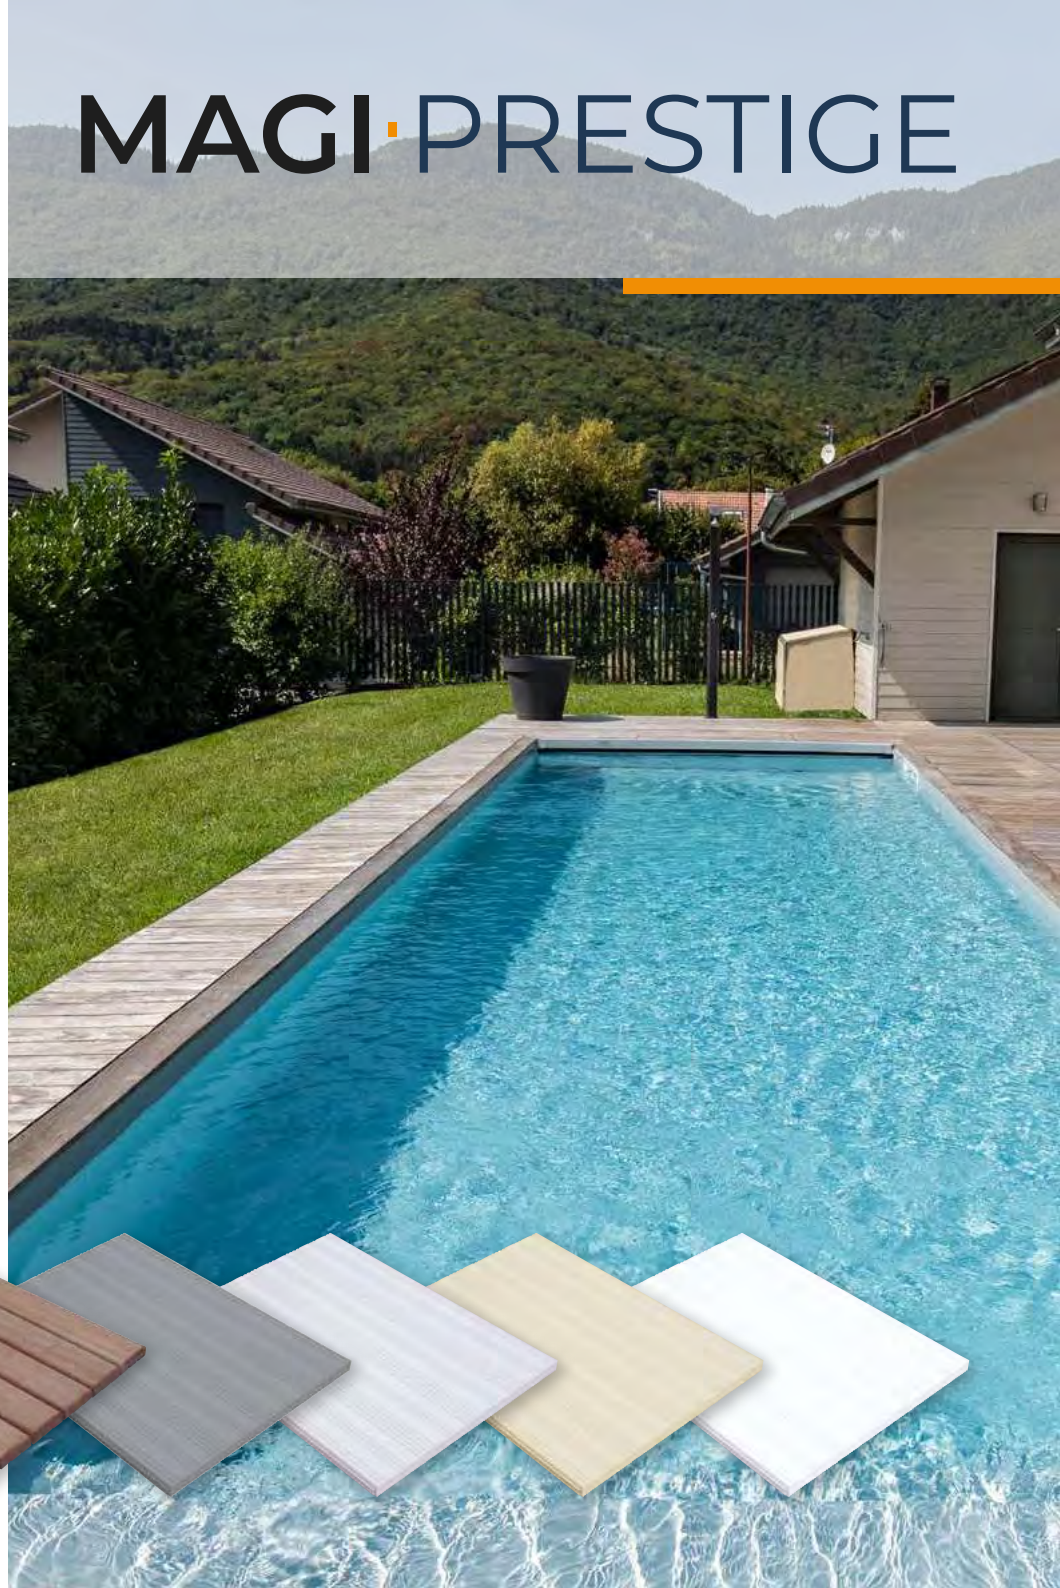

A Piscines Magiline exclusive: Increased agility with its caterpillars, it goes everywhere and is a true all-terrain robot.

OPTION
MAGIGUARD SUBMERGED SHUTTER

MAGI·PRESTIGE

EXCLUSIVE MAGILINE :

MAGIguard immersed shutter, ultra-discreet and aesthetic

The MAGIguard submerged cover, a real innovation for swimming pools

Magiline, combines security, reliability, and elegance.
Aesthetic and discreet, it blends in with the pool and terrace's perspective while still ensuring active pool safety.

Economical and ecological: the cover rests on the water's surface and contributes to conserving water heat, limiting evaporation, and saving water.

Super equipped swimming pool

A HEATED SWIMMING POOL TO ENJOY IT LONGER

A SWIMMING POOL SECURED BY AN ALARM

A PROTECTED SWIMMING POOL: SHUTTER, TARPAULIN, COVER

A SWIMMING POOL COVERED BY A SHELTER

A POOL THAT'S ALWAYS CLEAN THANKS TO THE CLEANING ROBOT

CRYSTAL-CLEAR WATER THANKS TO ITS TREATMENT DEVICES

HEAT PUMPS

Extend your pool usage with a new generation heat pump and the right water temperature in all circumstances.

Coefficient of performance (COP), power output, low noise, BF PAC standard, small footprint, reversible heat pump, and heat pumps' selection offer the best performances on the market.

More energy saving, more eco-friendly, quieter, more aesthetic, a range that includes all the latest technological innovations.

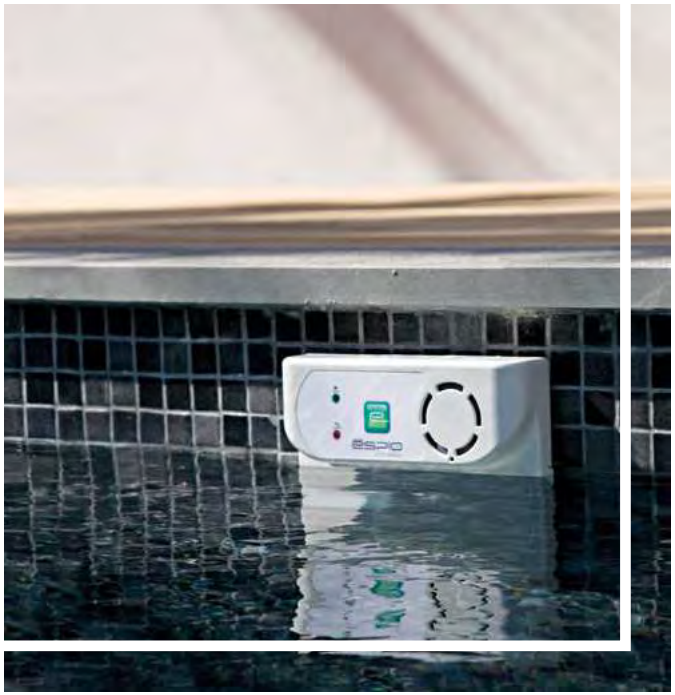

ALARMS

Equipped with new generation technology, the PRECISIO alarm continuously deciphers the waves generated in the pool and detects a body's immersion in the water. If a fall is detected, the PRECISIO alarm's powerful built-in sirens alert immediately.

Invisible alarm system, the first hidden pool alarm. Improved analysis and detection capabilities, miniaturization, semi-submerged control panel are some of the features included in this system.

COVERS

Protect pool against impurities and for pool safety. Pool shutters and pool covers come in different varieties for particular uses

The cover with bars secures your pool all year round using an anti-leaf tension on the lengths, which better protects its sealing qualities on the whole surface and in borders.

The bubble pool cover is placed on the water o that the bubble side is in contact with the water: it limits evaporation and preserves the water temperature.

The winter cover is for the end of the season. It protects the pool water from impurities (dead leaves, twigs).

SUBMERGED AND ABOVE GROUND SHUTTERS

Submerged or above ground, motorized, solar, smartphone-controlled, our shutters benefit from the latest technological innovations, offer the best quality specifications, and comply with the most demanding safety standards.

The submerged pool shutter is much more discreet with its rotating axis located inside the pool; it's invisible when open! The ultimate in pool protection that combines performance and aesthetics.

The aboveground pool shutter with its multiple slat finishes, its exclusive patented Wing System or slow mode, its apron covering solution adapts to all pool configurations to cover and protect the pool.

SHELTERS

Protect your pool and your wellness area
and enjoy it r pool all year round.

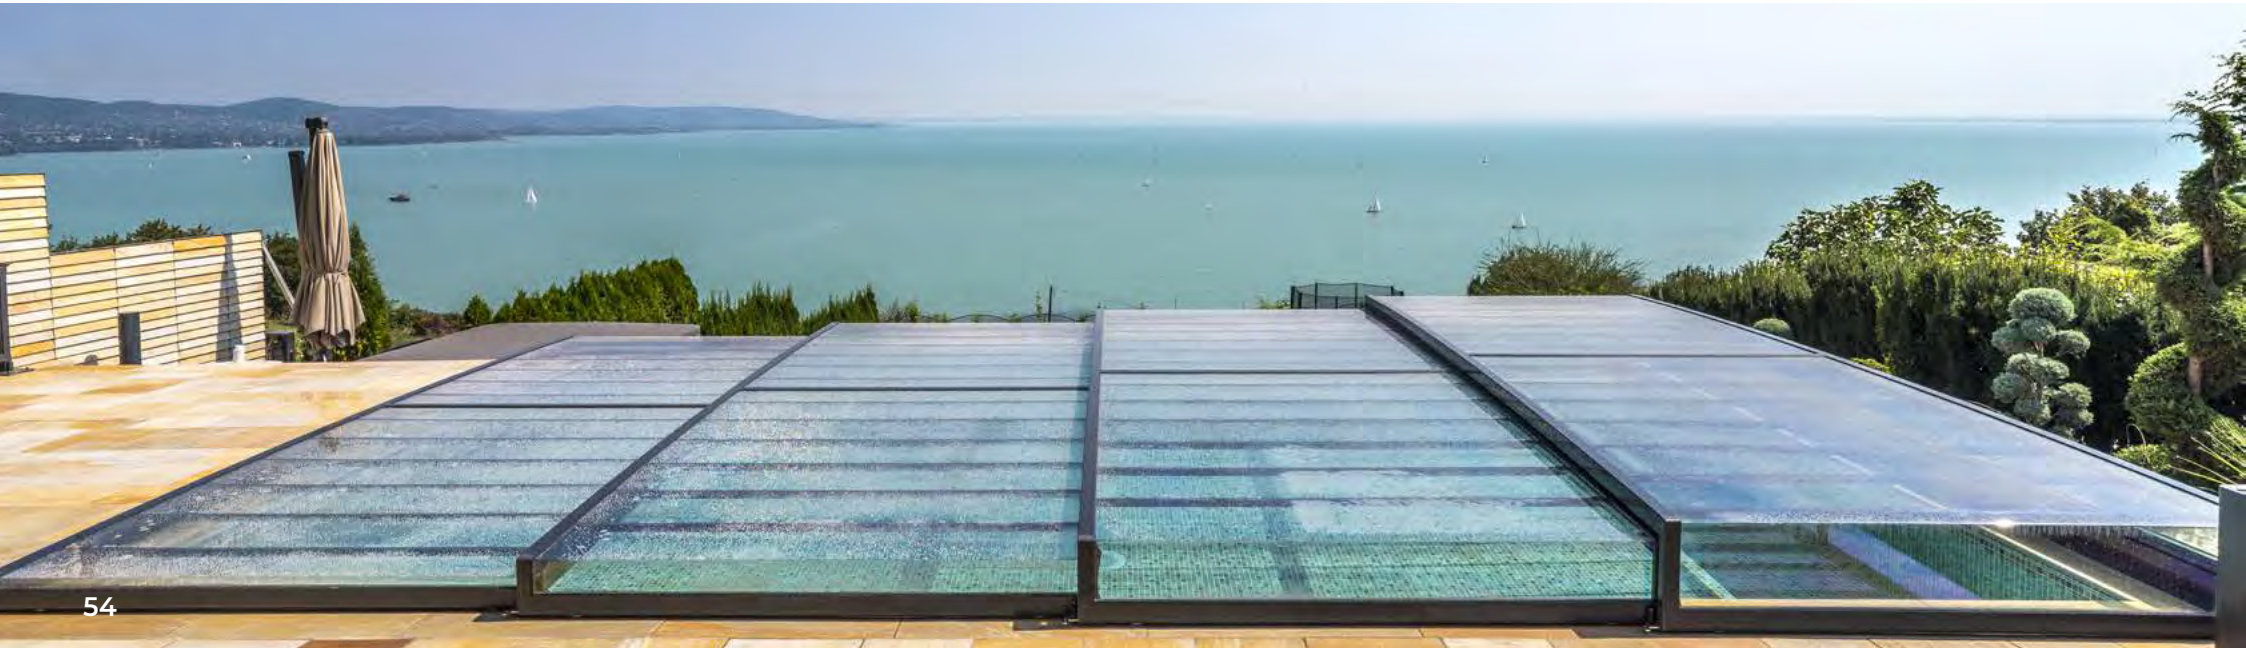

The pool shelter protects the pool from impurities, preventing them from settling in the water.

With this, you can forget about insects, dead leaves, dust, and other inconveniences that make the pool dirty.

All of our GAA pool shelters can be handled by a single person. Easily maintain the quality of your water all year round.

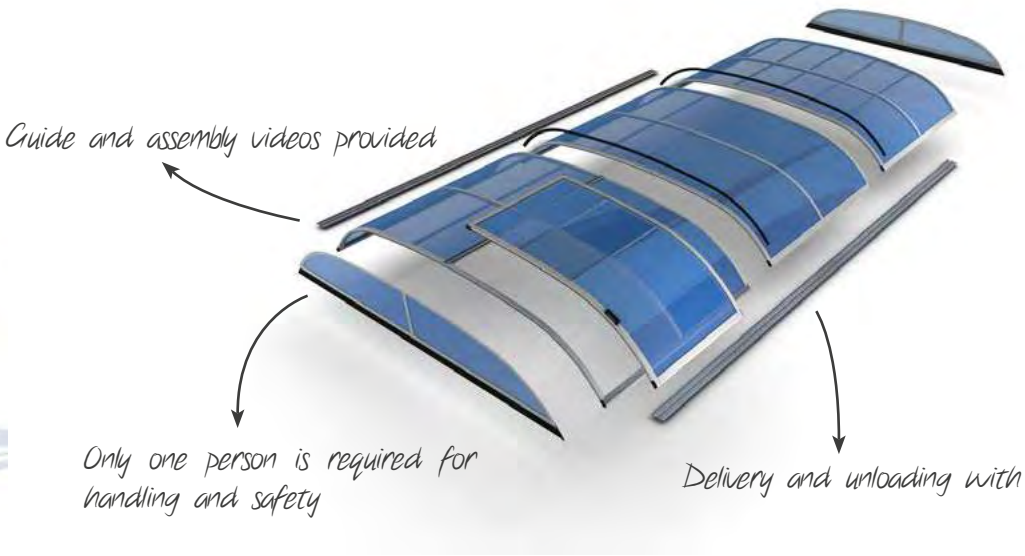

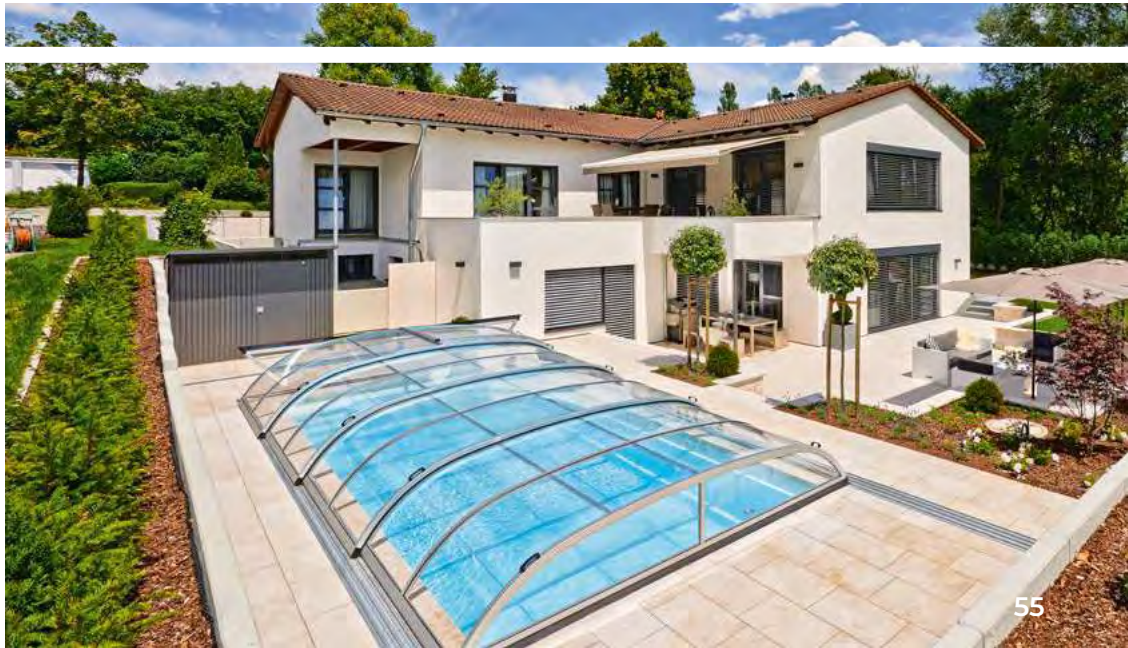

MAGIBOX: THE MAGILINE SHELTER IN KIT FORM

Assembling and installing your pool enclosure yourself means you save money on high-end and over-equipped pool enclosures.

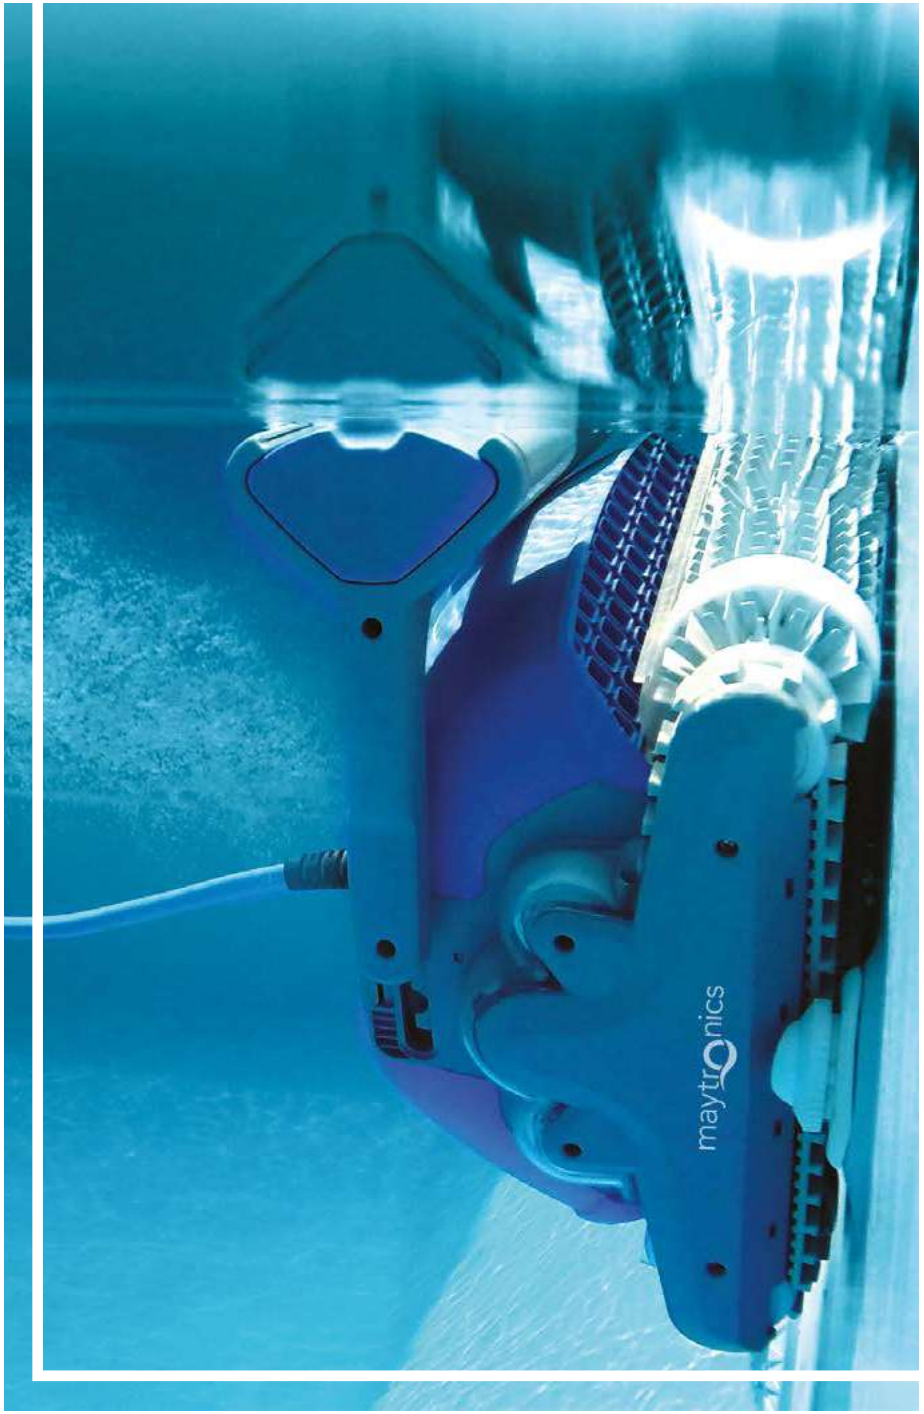

ELECTRIC ROBOTS

Choosing the right pool cleaner is crucial for clean water. It will save you from having to pull out your net, and, most importantly, it will be much more efficient than yourself.

Piscines Magiline has selected a whole range of electric pool cleaners, from the best manufacturers on the market, for their efficiency and performance: depending on the model, bottom - wall - water line cleaning, ultra-fine filtration, intelligent navigation, remote control, transport trolley.

TREATMENT DEVICES

To avoid pool maintenance becoming a pain... choose an automatic pool treatment system.

Pool water is unstable and constantly changing. It's essential to adapt the treatment to make it clear. It must be balanced and disinfected at all times.

As an option on your MAGIPRESTIGE kit, the iMAGI-X serenity solution automatically manages all your pool settings to maintain clear water under all circumstances.

We offer other exclusive solutions to treat your pool water: pH regulation, salt electrolysis, analyzer, and redox regulation.

POOL INSTALLATION
3 SOLUTIONS JUST FOR YOU

Your pool can be built in 6 to 8 days (4 weeks drying time for the concrete), thanks to our innovative structure

Ready to SWIM

Nothing could be simpler! Your manufacturer provides you with all the services you need. **Our pool professionals will guide you every step of the way.** As adviser and project manager, he will know how to make all your well-being dreams come true...

Swimming pool set

For do-it-yourselfers or those who have more time, MAGILINE pools are available in kit form! After all, why not build your relaxation area? **Nothing could be simpler than to make the pool of your dreams yourself.** According to the assembly instructions, the MAGILINE swimming pool kit can be assembled in just a few days! Quick and easy to install, the pool kit offers many advantages... All instructions and documentation will be delivered to your doorstep.

Assisted POOL SET - The smart Solution

The Assisted Kit package means you will be **supported by the pool manager** with each step you have chosen. Thus, backed with the main stages of your project for complete peace of mind. You're free to decide for support from one of our dealerships at any time during the assembly of your pool or only for checkpoints. You will make substantial savings while benefiting from the experience of a MAGILINE expert...

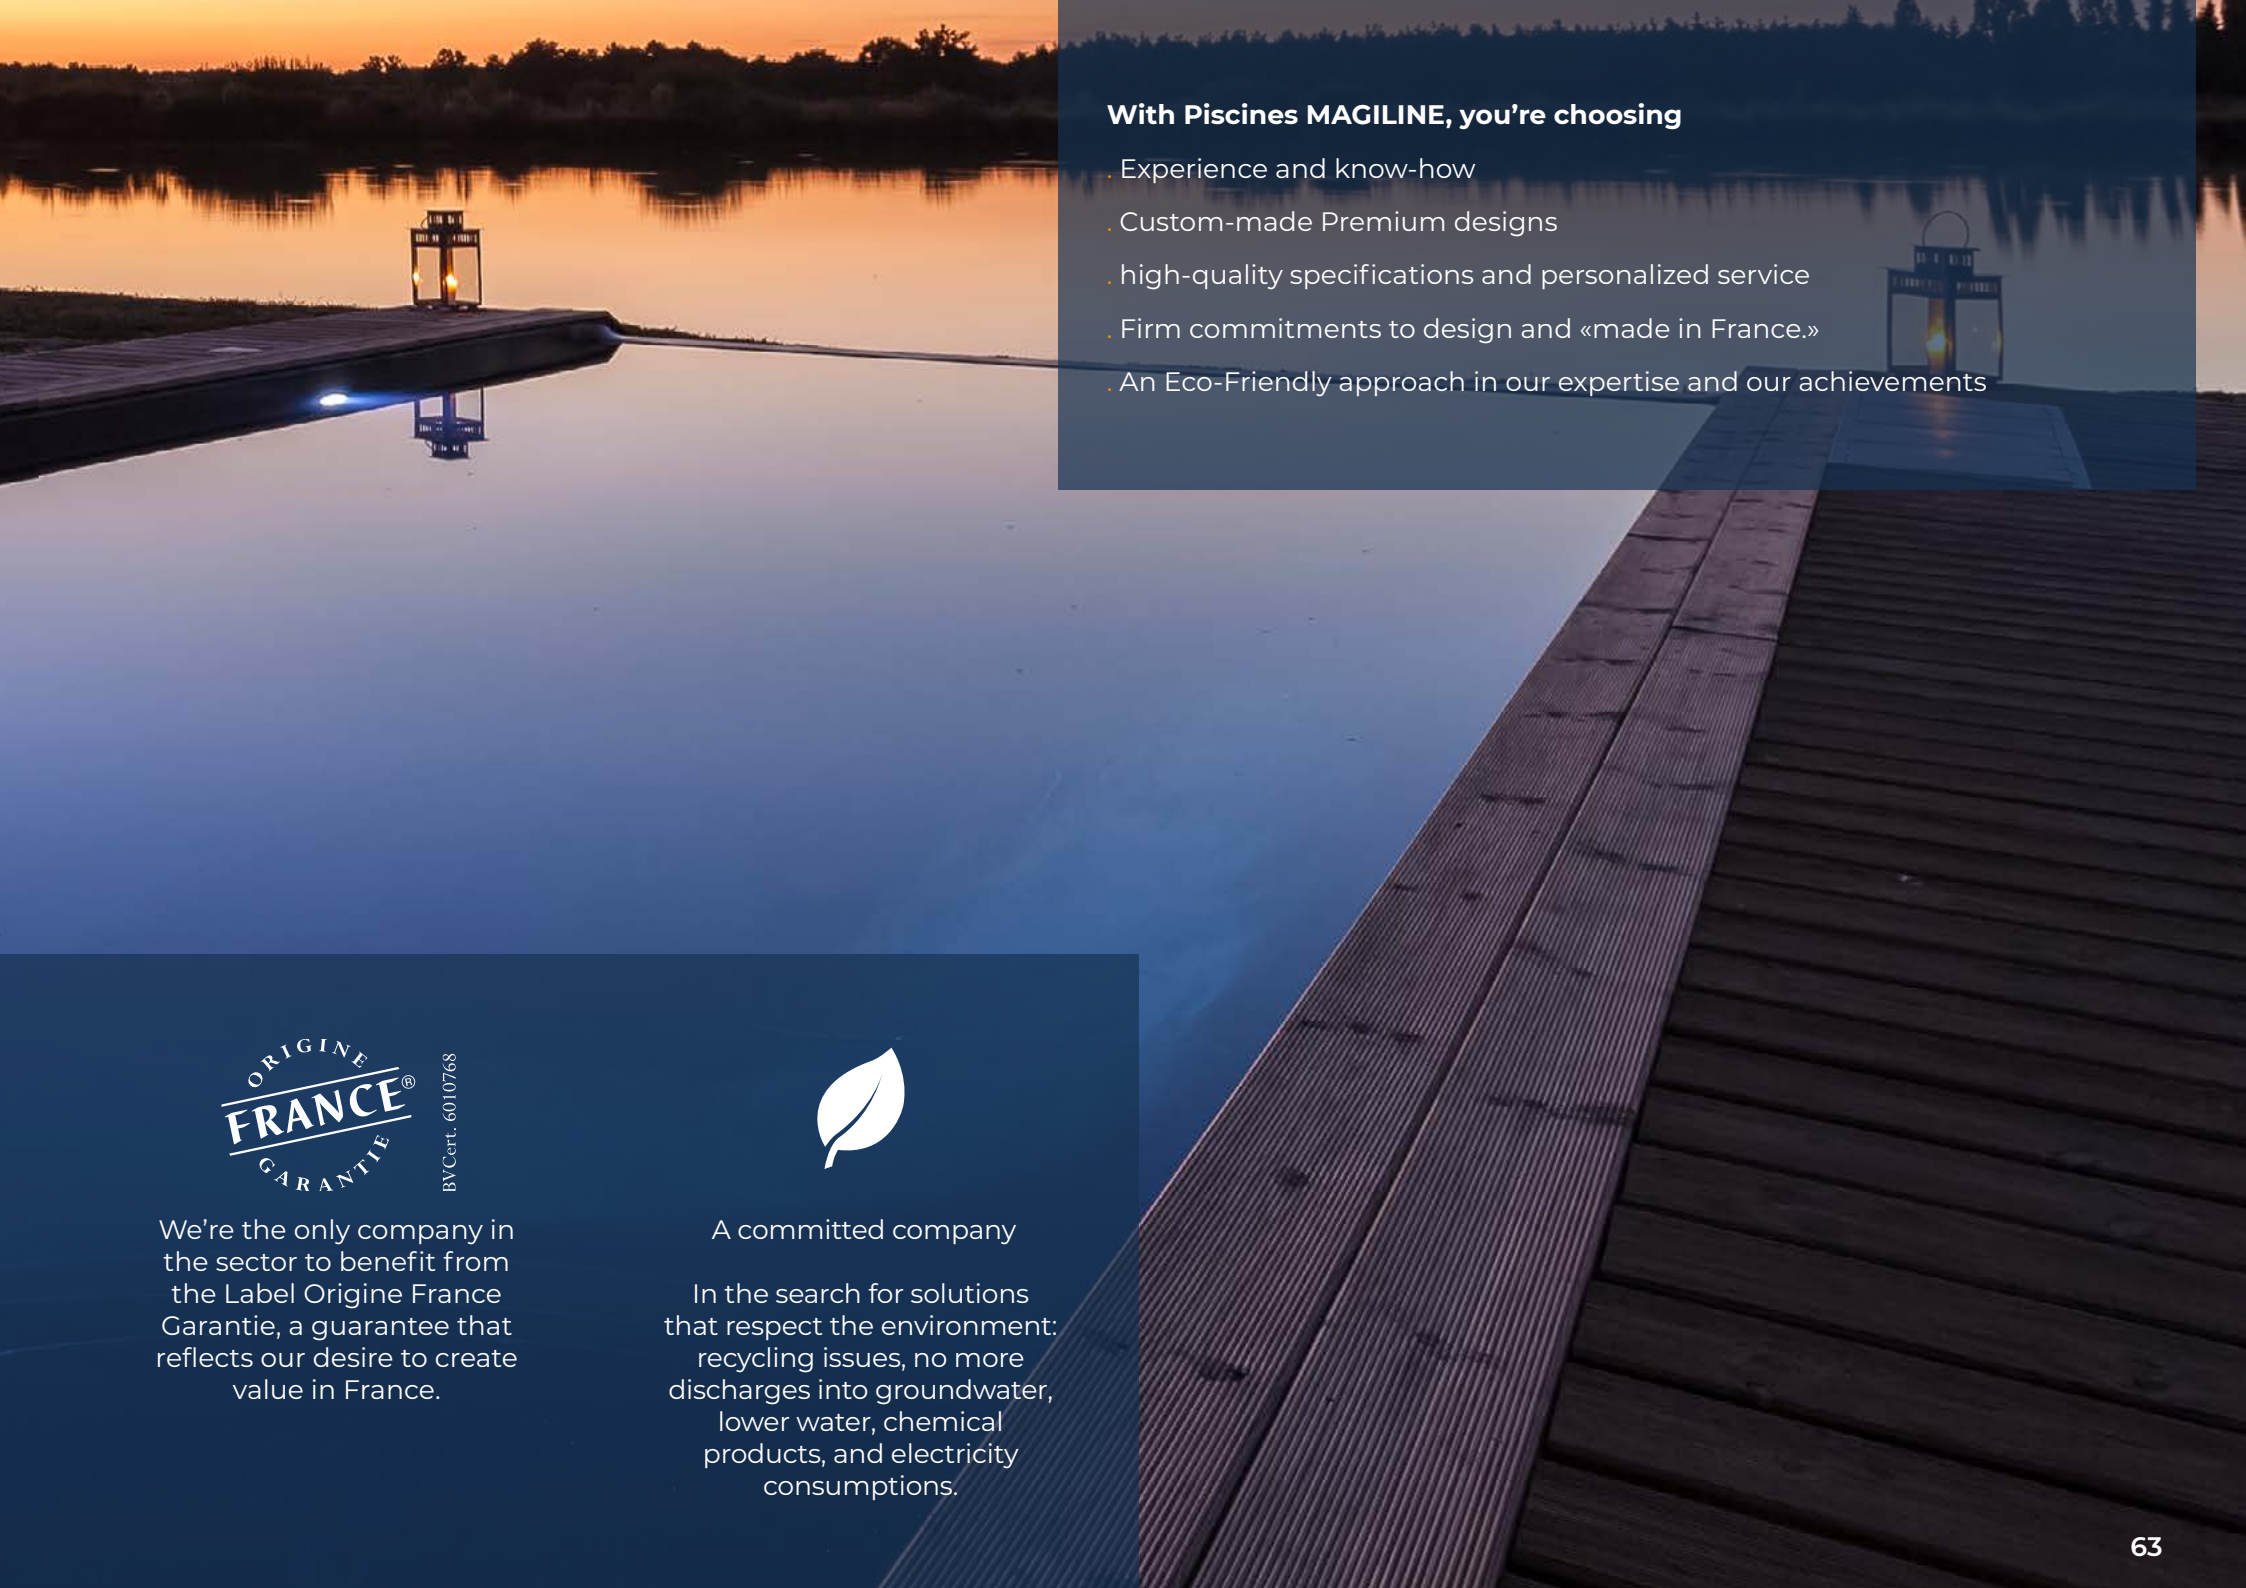

PISCINE MAGILINE, LEADER IN CUSTOM-MADE SWIMMING POOLS, INTELLIGENT, ECONOMIC AND ECO-FRIENDLY

Designer-manufacturer of swimming pools since 1994.

More than 45 000 achievements in 33 countries.

Leader in the market of personalized, super-equipped, intelligent swimming pools.

New generation swimming pools that integrate innovative technologies (87 patents) and solutions of the future (robotics and home automation).

With Piscines MAGILINE, you're choosing

. Experience and know-how

. Custom-made Premium designs

. high-quality specifications and personalized service

. Firm commitments to design and «made in France.»

. An Eco-Friendly approach in our expertise and our achievements

ORIGINE FRANCE® GARANTIE BVCert. 6010768

We're the only company in the sector to benefit from the Label Origine France Garantie, a guarantee that reflects our desire to create value in France.

A committed company

In the search for solutions that respect the environment: recycling issues, no more discharges into groundwater, lower water, chemical products, and electricity consumptions.

AN ECO-RESPONSIBLE COMPANY

. A honeycomb structure that's more thermally insulating with 80% of selected and recyclable material.

. A closed-circuit filtration system that avoids water discharges in groundwater and sewer systems

. A patented nfx filtration concept with 3 times more savings in terms of chemicals.

.Complete technological solutions (home automation, filtration...) designed to reduce water and electricity consumption.

AN INNOVATIVE COMPANY

Piscines Magiline is technological expertise controlled internally, a high-performance industrial tool, and an integrated R&D department on its site based in Troyes. With **87 international patents registered**, innovation has been in the company's genes since its creation. We give priority to technologies of the future (automation, home automation, etc.) with one fixed idea: customer satisfaction and easy to use pools.

9,000 m² production site and integrated Research and Development department.

A FRENCH COMPANY

With a firm local anchorage in Troyes, the Aube region, Piscines Magiline is the only company in the sector to have obtained the **Label Origine France Garantie**, the sign of a strong commitment to create products and produce them on French territory. And very recently, Piscines Magiline joined the **French Fab movement**, which embodies an innovative, export-oriented industry open to the changes brought about by digital technology, new technologies, and green economy.

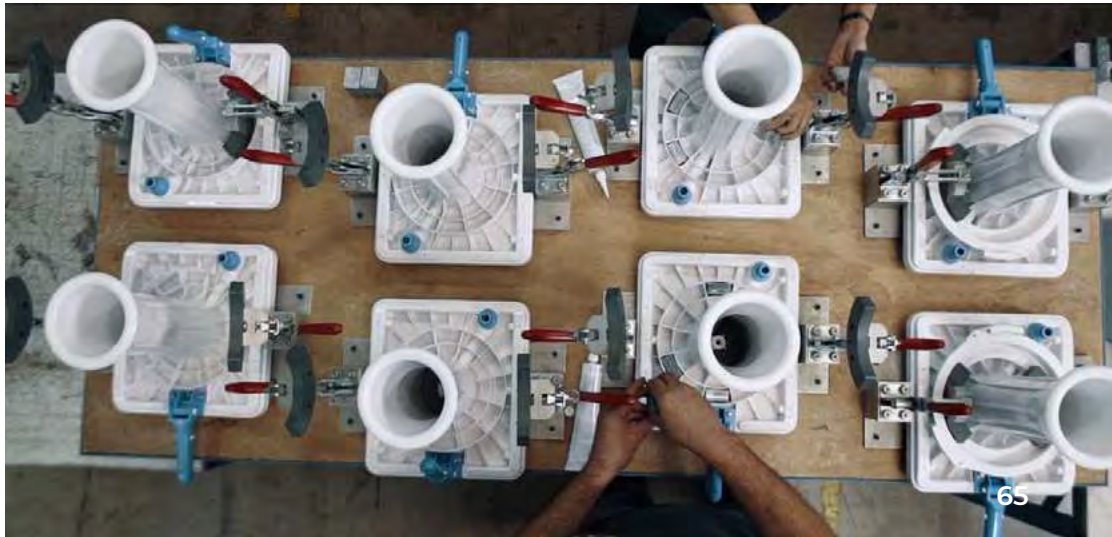

A COMMITTED COMPANY

Solidarités International partnership: since 2014, Piscines Magiline has supported the humanitarian aid association SOLIDARITES INTERNATIONAL, which is involved with the relief of conflicts and natural disasters. Its fight: access to water and sanitation for populations weakened by natural disasters or conflicts.

OUR COMMITMENTS

1. CREATE POOLS THAT ARE DESIGNED TO LAST

A Magiline swimming pool MEANS exclusive technology and high-quality specification **ultra-strong monobloc concrete** structure with a 10-year guarantee, a new generation **cartridge filtration system** with top performance, an integrated and **upgradeable iMAGI-X home automation solution**...

2. SIMPLIFY YOUR DAILY POOL MANAGEMENT

Piscines Magiline has developed patented technological solutions to remove obstacles: automated features, clear water in all circumstances, remote management, pool cleaning, home services...

3. MAKE YOUR POOL UNIQUE

It's entirely **personalized** to adapt to your environment and your needs: custom-made pool sizes and shapes; personalized stairs; a wide choice of colors and qualities for your siding; made-to-measure equipment.

4. INNOVATIVE AND PRODUCED IN FRANCE

With strong local roots in Champagne region, the Aube region (Research and Development, factory, After Sales Service, support services), Piscines Magiline is the only company in the sector to have obtained the **Label of Origin France Garantie** and to have joined the **French Fab movement**.

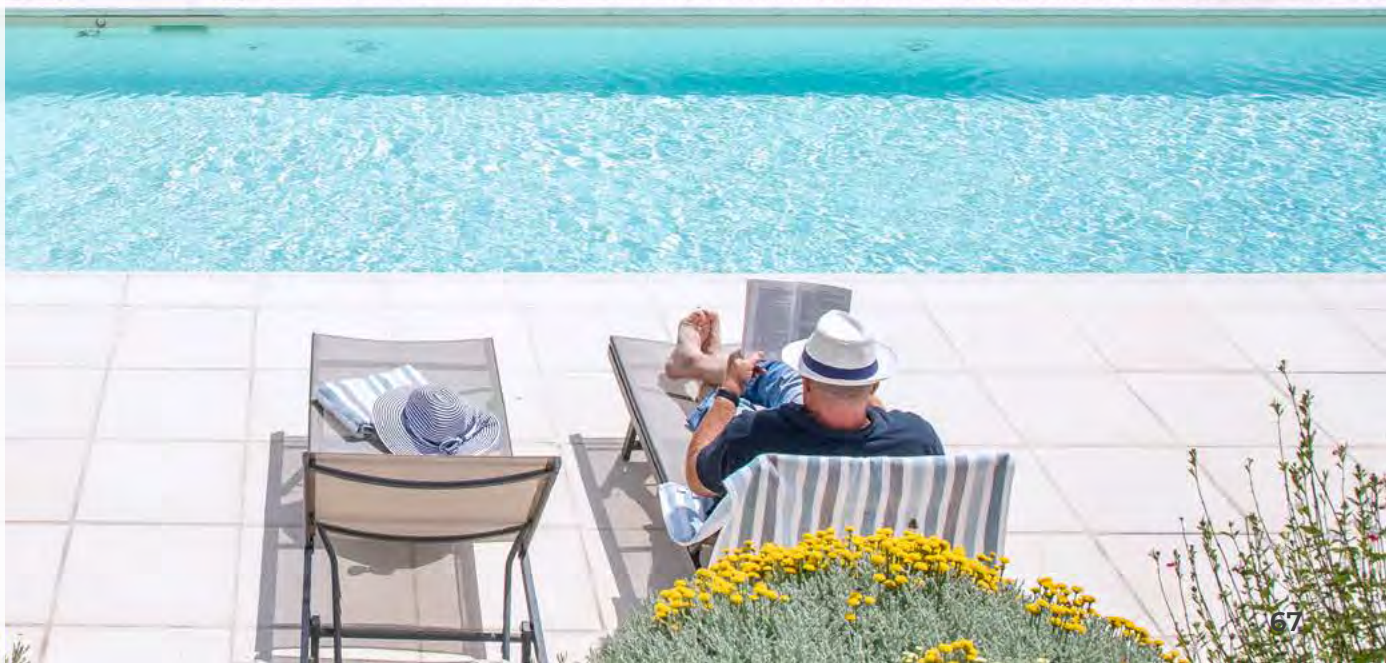

5. SAVE ON WATER, ELECTRICITY, AND CHEMICALS

Our technology means we can optimize water, electricity, and chemical product consumption: home automation solutions, mechanical filtration performance, etc.

6. COMMITTING TO A TRUE CSR APPROACH (SOCIAL AND ENVIRONMENTAL RESPONSIBILITY)

ECO responsibility is a priority for our company: honeycomb structure with better thermal insulation, use of recycled materials, closed-circuit filtration to avoid discharge into groundwater or the sewer system.
